TAHSILDAR 27 JUN 1952 BELLARY

Sir,

Sub:- Displaced persons from pakistan - Rehabilitation in Bellary town - Grant of permission to change business and sale of machinery. Request grant of.

I beg to submit the following few lines for your kind consideration and early orders there on

I am a pakistan refugee. I was accorded permission to instal a flour mills in this town and accordingly I purchased the necessary machinery and installed the same and began to run the same. Soon after the installation of the flour mills by me the Municipal authorities permitted others too to install flour mills in the same street and thus competition was created amonth flour mill owners. The area is small and the daily collections are not even sufficient to meet the electric bills and the premises rent. Myself and my family are starving on account of no income and in the circumstances I have decided to dispose off the same and start a general stores

I have accordingly submitted a petition to your Honour to kindly grant me permission to dispose off the same and with the amount to start a business in the sale of food articles, kirani goods etc. and get decent income and thus maintain my family and also repay the Government loan amount in instalments. I have not received any reply from your Honour so far in this matter and I once again therefore request you to kindly grant me permission to dispose off the machinery as there is no buyer without the previous permission from the Dt.Collector Bellary for sale of the machinery and thus enable me to start the general business and maintain my family.

I hope the matter receives your kind and sympathetice consideration and thanking you in anticipation of favourable orders.

Bellary, 26-6-52.

....

The report from the Collector of Bellary at pp.11-12 c.f. with reference to the Memo. at pp.9-10 c. may be perused.

The business of the d.p. has not flourished at Bellary for the following reasons.

(1) His flour mill is at the out-skirts of the Town as a building in the busy locality of the town could not be secured.

(2) There are already three flour mills in the locality.

pp. 11-12 c.f.

(3) The d.p. being a stranger to the place is not able to attract ~~the~~ customers.

The Collector has reported that the average income of the d.p. is about Rs.60/- p.m. out of which after paying the rent for the building, current charges etc., he gets a net profit of about Rs.10/- p.m. This profit may not ~~se~~ of course be enough for the maintenanc of the family.

'A' on p 12 c.f.

A

As regards the suggestion that the D.P. may be allowed to dispose of the mill and to go to Gwalior to do Jewellery business there, it does not seem desirable either to allow the d.p. to dispose of the mill himself or to go to Gwalior, when the Govt. loan is outstanding. In view of the reasons stated above, it does not also seem possible to force him to continue the flour mill business at Bellary. The flour mill may perhaps be disposed of through the agency of the Collector and the d.p. offered ~~to~~ change from the ~~Jewellery~~ Flour mill business to some other business which he can do with confidence at Bellary.
